

# Submit An On Call Punch In The Virtual Clock

This walks through submitting an on call punch in the virtual clock.

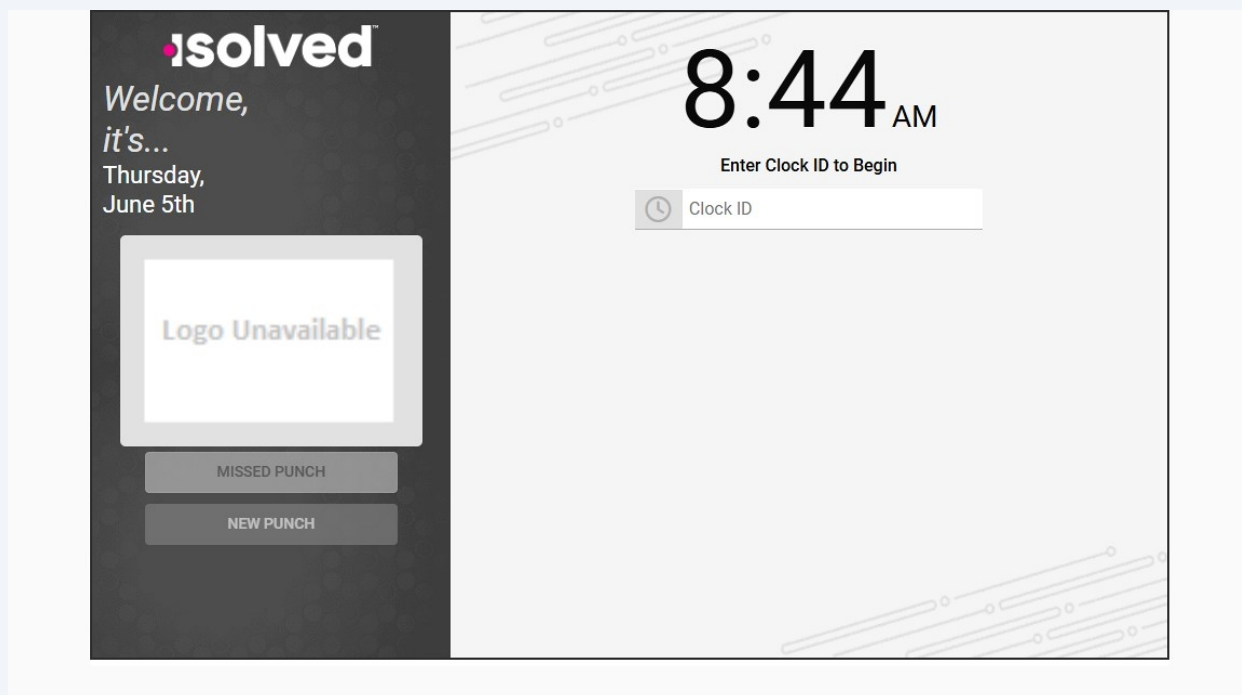

1

Once the Virtual Clock has been set up within isolved

Navigate to <https://connect.threadhcm.com>

Every time you log in on the browser the Virtual Clock is set up on, it will take you directly to this screen.

If you need to go to the normal isolved login, you can Click "isolved" in the top left.

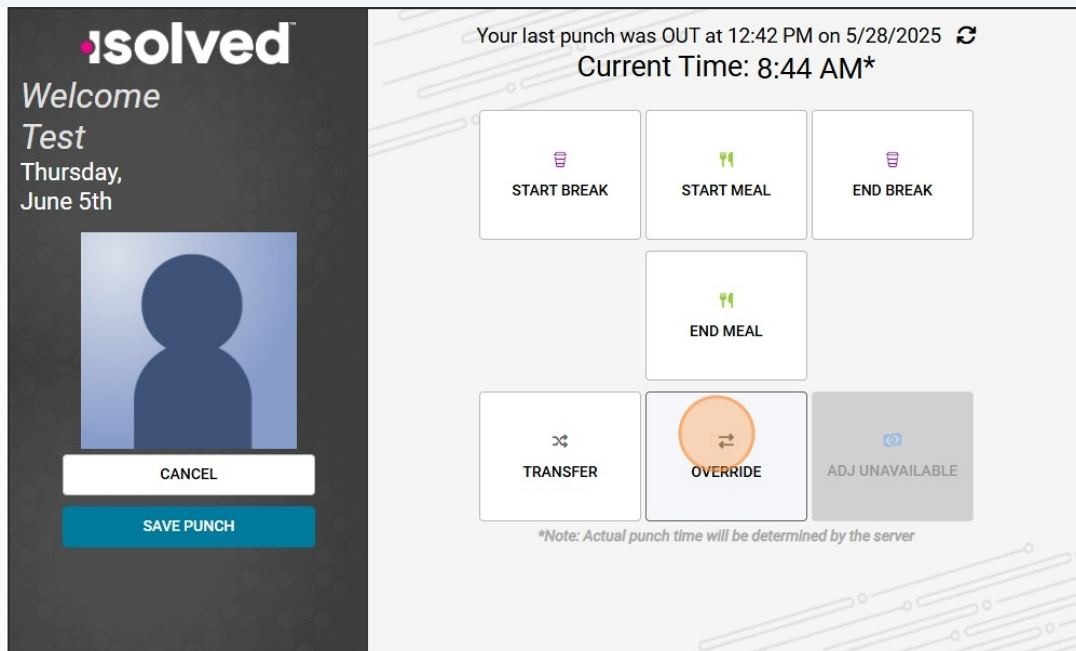

- 2 Click the "Clock ID" field and enter your Time Clock ID

The screenshot shows the iSolved time clock interface. On the left, a dark sidebar contains the iSolved logo, a welcome message 'Welcome, it's... Thursday, June 5th', a 'Logo Unavailable' placeholder, and two buttons: 'MISSED PUNCH' and 'NEW PUNCH'. The main area on the right has a light gray background with a large digital clock showing '8:44 AM'. Below the clock, the text 'Enter Clock ID to Begin' is displayed above a text input field labeled 'Clock ID'. An orange circle highlights the 'Clock ID' input field.

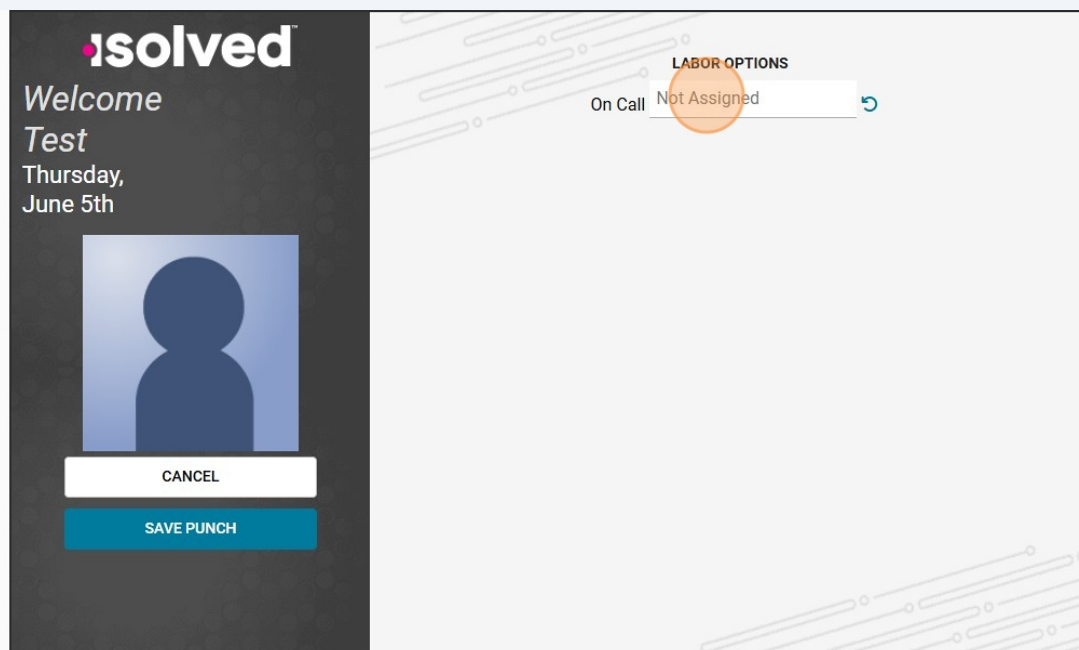

- 3 Click "NEW PUNCH"

This screenshot shows the same iSolved time clock interface as the previous one, but with the 'Clock ID' field now containing the value '9998'. The 'NEW PUNCH' button in the sidebar is highlighted with an orange circle, indicating it is the next step in the process.

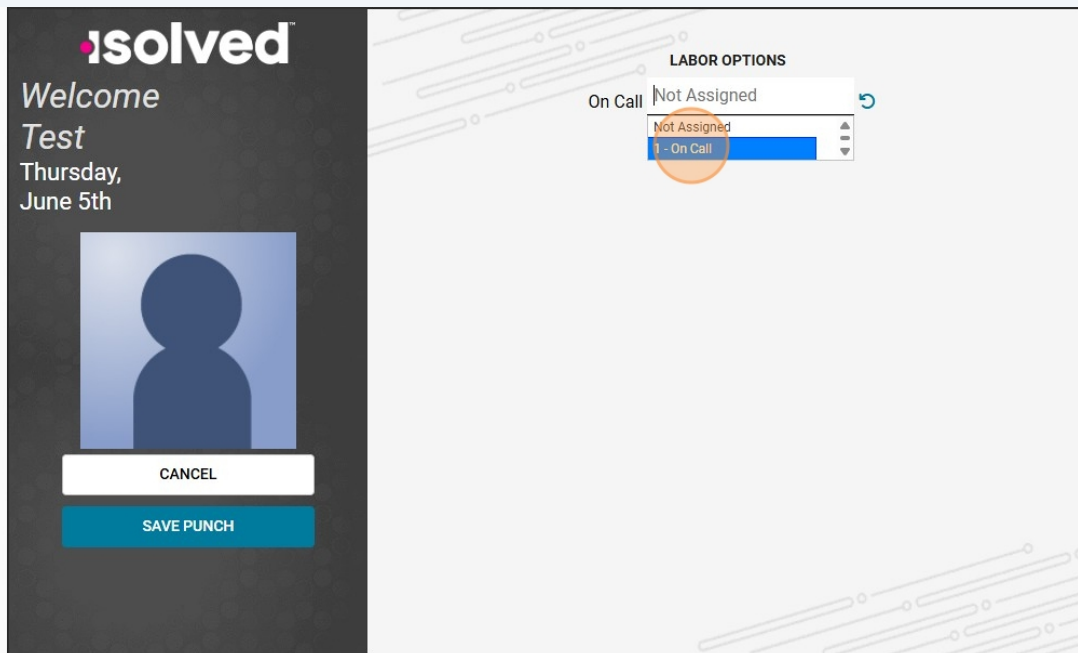

4 Click Override.

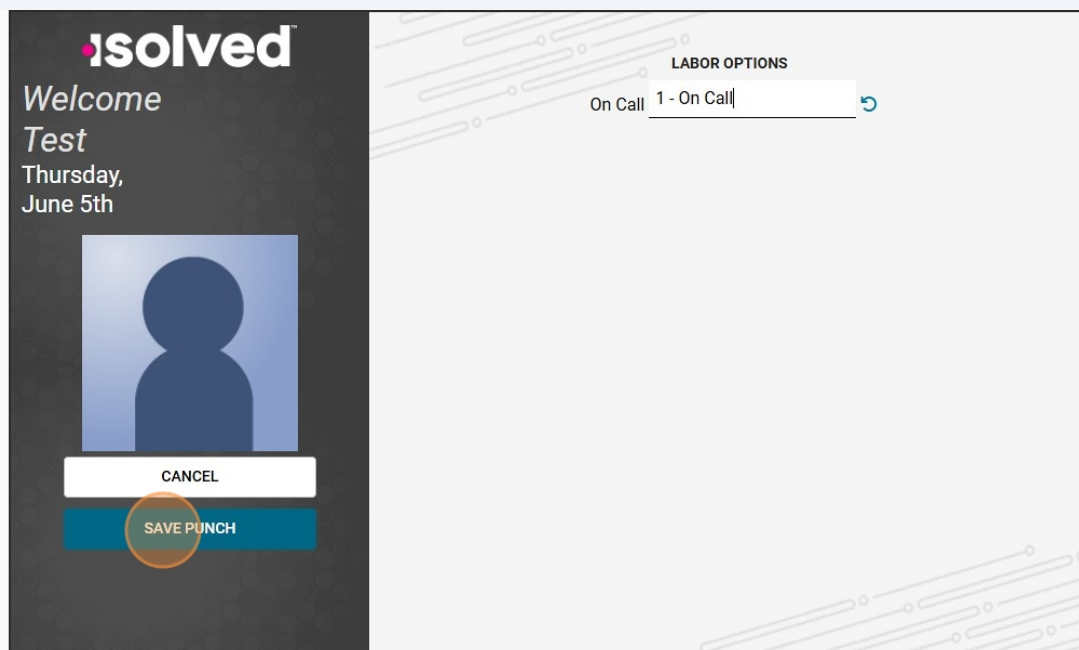

5 Click the "Not Assigned" field.

6 Select "On Call"

7 Click "SAVE PUNCH"
